### Overview

CHINA MINING Congress & Expo has been held once a year for thirteen years so far since 1999. According to a 15-year development, CHINA MINING has ranked among global top mining events. CHINA MINING covers the whole mining industry chain including geological survey, exploration and development, mineral rights trade, mining investment and financing, smelting and processing, technology and equipment, mining services and other aspects. It provides not only the platform for mineral exploration, development and trading, but also the communication bridge for domestic and international mining companies and related agencies.

As Co-organizer of this Fair, Australia International Trade Association & Associates (AITA & Associates) and New Zealand International Exchange Center (NZIEC) are entitled to promote international communication and exchange in pacific region, especially with Australia and New Zealand. This Congress will be an opportunity for you to expand your presence in the international marketplace and meet potential business partners.

## Major Activities

CHINA MINING consists of three parts -Conferences, exhibitions and featured

events. The conferences attract the world's policy makers and the industry leading voice in presenting the hottest topics and providing insightful information. The industry exhibition will attract pavilions and exhibitors from various countries. During the congress, various featured events are carried out, including project matchmaking, signing ceremony of project investments, bilateral VIP talks, awarding dinner, buffet and cocktail party, as well as mining opening day, etc.
